

**Dunnage Bags manufactured in The Netherlands.**

**Safetrans is the only dunnage bag manufacturer in the world with its own fully automated production lines. As a result, we can produce in The Netherlands and work via the most efficient methods. This ensures the most competitive prices and consistent quality for our clients.**

### **Speed, quality, reliability**

Safetrans was founded in 1997 with the aim to produce dunnage bags of a high quality via the most efficient methods.

Our way of working has led to a very loyal client base and a worldwide network of specialized distributors.

As of today we have supplied the same businesses for over 25 years. Through the years we have produced more than 25 million dunnage bags, delivering the most consistent quality.

Our company is based on lifelong relationships that add value to all parties involved.

### **Dunnage Bags by Safetrans**

Safetrans Dunnage Bags are made of a polyethylene inner bag and a kraft paper or woven polypropylene outer bag.

The inner bag ensures that a bag remains airtight. The outer bag provides strength.

We produce all strengths and sizes you need with a Standard or Fast Fill valve.

Our dunnage bags are made in The Netherlands and shipped worldwide.

# **Quality, straight from the source nearby.**

**Would you like to know how  
we can help you?**
